## Freddie Mac to Implement Minor Disclosure Enhancements

Effective November 13, 2021, Freddie Mac will implement several minor enhancements related to its MultiLender Report and Pseudopool disclosure files.

## MultiLender Report

Freddie Mac plans to enhance the MultiLender Report, which displays open and recently issued MultiLender pools. The file layout of this report has been revised and will be converted to a csv file format for greater useability.

The file will contain the following attributes:

- CUSIP
- SECURITY IDENTIFIER
- PREFIX
- OPEN (YES/NO)
- SETTLEMENT DATE
- TERM
- WA NET INTEREST RATE
- ELIGIBLE NOTE RATES
- ADDITIONAL DESCRIPTION

Effective November 13, 2021, the MultiLender Report will be available in the 'Popular Documents & Links' box on our MBS website with the new file name/extension (FRE\_Multilender.csv). It will also continue to be available in the 'Data Files and Reports' section of Security Lookup with the same file name but csv file extension (FRE\_Multilender\_YYYYMM.csv).

## **Pseudopool Disclosure Enhancement**

The Pseudopool Monthly Security Core File (xfYYMMDD.txt) will be updated to now populate the Involuntary Loan Purchases (Prior Month UPB) and Involuntary Loan Purchases (Loan Count) attributes, just as they are populated for MBS pools. Since these fields are only populated in the monthly files, the update will be effective beginning with the December monthly disclosure files (12/6/2021).
