**Freddie Mac Sells \$369 Million in NPLs**  
*Awards 4 SPO Pools to 3 Winners*

McLean, Va. - Freddie Mac (OTCQB: FMCC) today announced it sold via auction 2,243 non-performing residential first lien loans (NPLs) from its mortgage-related investments portfolio. The loans, with a balance of approximately \$369 million, are currently serviced by Specialized Loan Servicing LLC. The transaction is expected to settle in January 2020. The sale is part of Freddie Mac's Standard Pool Offerings (SPO®). Freddie Mac, through its advisors, began marketing the transaction on October 8, 2019 to potential bidders, including non-profits and Minority, Women, Disabled, LGBT, Veteran or Service-Disabled Veteran-Owned Businesses (MWDOBs), neighborhood advocacy organizations and private investors active in the NPL market. Bids for the upcoming Extended Timeline Pool Offering (EXPO), which is a smaller sized pool of loans, are due from qualified bidders by November 14, 2019.

For the SPO® offerings, the loans were offered as four separate pools of mortgage loans. The four pools consist of mortgage loans secured by geographically diverse properties. Investors had the flexibility to bid on each pool individually and/or any combination of pools.

Given the delinquency status of the loans, the borrowers have likely been evaluated previously for or are already in various stages of loss mitigation, including modification or other alternatives to foreclosure, or are in foreclosure. Mortgages that were previously modified and subsequently became delinquent comprise approximately 63 percent of the aggregate pool balance. Additionally, purchasers are required to solicit

distressed borrowers for additional assistance except in limited cases and ensure all pending loss mitigation actions are completed.

The SPO® pools and winning bidders are summarized below:

Description	Pool #1	Pool #2	Pool #3	Pool #4
Unpaid Principal Balance	\$92.1 million	\$108.1 million	\$95.6 million	\$73.3 million
Loan Count	556	778	554	355
