Section 2.02. Other Debt Securities Issued Hereunder.

Freddie Mac may from time to time create and issue Debt Securities including Convertible Debt Securities hereunder which contain terms and conditions not specified in this Agreement. Such Debt Securities shall be governed by the applicable Supplemental Agreement and, to the extent that the terms of this Agreement are not inconsistent with Freddie Mac's intent in creating and issuing such Debt Securities, by the terms of this Agreement. Such Debt Securities shall be secured or unsecured obligations of Freddie Mac. If the Debt Securities are secured obligations of Freddie Mac, the provisions of Article V hereof shall apply to such Debt Securities.

Section 2.03. Specified Currencies and Specified Payment Currencies.

(a) Each Debt Security shall be denominated and payable in such Specified Currency as determined by Freddie Mac. Fed Book-Entry Debt Securities will be denominated and payable in U.S. dollars only.

The Debt Securities shall be issued and maintained in the minimum denominations of U.S. \$1,000 and additional increments of U.S. \$1,000 for U.S. dollar denominated Debt Securities, unless otherwise provided in the applicable Supplemental Agreement and as may be allowed or required from time to time by the relevant regulatory authority or any laws or regulations applicable to the relevant Specified Currency. In the case of Zero Coupon Debt Securities, denominations will be expressed in terms of the principal amount payable on the Maturity Date.

Section 2.05. Maturity.

(a) Each Debt Security shall mature on its Maturity Date, as provided in the applicable Supplemental Agreement, unless redeemed at the option of Freddie Mac or repaid at the option of the Holder prior thereto in accordance with the provisions described under Section 2.06. Debt Securities may be issued with minimum or maximum maturities allowed or required from time to time by the relevant regulatory or stock exchange authority or clearing systems or any laws or regulations applicable to the Specified Currency.

If so provided in the applicable Supplemental Agreement, an issue of Debt Securities shall be subject to redemption at the option of Freddie Mac, or repayable at the option of the Holders, in whole or in part, on one or more specified dates, at any time on or after a specified date, or during one or more specified periods of time. The redemption or repayment price for such Debt Securities (or such part of such Debt Securities as is redeemed or repaid) shall be an amount provided in, or determined in a manner provided in, the applicable Supplemental Agreement, together with accrued and unpaid interest to the date fixed for redemption or repayment.

(b) Unless otherwise provided in the applicable Supplemental Agreement, notice of optional redemption shall be given to Holders of the related Debt Securities not less than 5 Business Days prior to the date of redemption in the manner provided in Section 7.07. The date that we provide such notice constitutes the first Business Day for purposes of this minimum notice period. Freddie Mac also announces its intent to redeem certain Debt Securities on the Freddie Mac website at http://www.freddiemac.com/debt/redemption_release.html.

(c) In the case of a partial redemption of an issue of Fed Book-Entry Debt Securities by Freddie Mac, such Fed Book-Entry Debt Securities shall be redeemed pro rata. In the case of a partial redemption of an issue of Registered Debt Securities by Freddie Mac, one or more of such Registered Debt Securities shall be reduced by the Global Agent in the amount of such redemption, subject to the principal amount of such Registered Debt Securities after redemption remaining in an authorized denomination. The effect of any partial redemption of an issue of Registered Debt Securities on the Beneficial Owners of such Registered Debt Securities will depend on the procedures of the applicable clearing system and, if such Beneficial Owner is not a participant therein, on the procedures of the participant through which such Beneficial Owner owns its interest.

(d) If so provided in the applicable Supplemental Agreement, certain Debt Securities shall be repayable, in whole or in part, by Freddie Mac at the option of the relevant Holders thereof or otherwise, on one or more specified dates, at any time on or after a specified date, or during one or more specified periods of time, upon terms and procedures provided in the applicable Supplemental Agreement. The Offering Circular or the applicable Supplemental Agreement for such Debt Securities shall specify the procedure for stripping such Debt Securities into such Interest and Principal Components.

Interest on Debt Securities shall be payable in arrears on the Interest Payment Dates specified in the applicable Supplemental Agreement and on each Principal Payment Date.

(c) Each issue of interest-bearing Debt Securities shall bear interest during each Interest Payment Period. No interest on the principal of any Debt Security will accrue on or after the Principal Payment Date on which such principal is repaid.

(d) The determination by the Calculation Agent of the interest rate on, or any Index in relation to, a Variable Rate Debt Security and the determination of any payment on any Debt Security (or any interim calculation in the determination of any such interest rate, index or payment) shall, absent manifest error, be final and binding on all parties. If a principal or interest payment error occurs, Freddie Mac may correct it by adjusting payments to be made on later Interest Payment Dates or Principal Payment Dates (as appropriate) or in any other manner Freddie Mac considers appropriate. If the source of an Index changes in format, but the Calculation Agent determines that the Index source continues to disclose the information necessary to determine the related interest rate substantially as required, the Calculation Agent will amend the procedure for obtaining information from that source to reflect the changed format. All Index values used to determine principal or interest payments are subject to correction within 30 days from the applicable payment. The source of a corrected value must

be the same source from which the original value was obtained. A correction might result in an adjustment on a later date to the amount paid to the Holder.

(e) Payments on Debt Securities shall be rounded, in the case of U.S. dollars, to the nearest cent or, in the case of a Specified Payment Currency other than U.S. dollars, to the nearest smallest transferable unit (with one-half cent or unit being rounded upwards).

(f) In the event that any jurisdiction imposes any withholding or other tax on any payment made by Freddie Mac (or our agent or any other person potentially required to withhold) with respect to a Debt Security, Freddie Mac (or our agent or such other person) will deduct the amount required to be withheld from such payment, and Freddie Mac (or our agent or such other person) will not be required to pay additional interest or other amounts, or redeem or repay the Debt Securities prior to the applicable Maturity Date, as a result.

(g) *Fixed Rate Debt Securities*

Fixed Rate Debt Securities shall bear interest at a single fixed interest rate. The applicable Supplemental Agreement shall specify the fixed interest rate per annum on a Fixed Rate Debt Security. Unless otherwise specified in the applicable Supplemental Agreement, interest on a Fixed Rate Debt Security shall be computed on the basis of a 360-day year consisting of twelve 30-day months.

(h) *Step Debt Securities*

Step Debt Securities shall bear interest from their Issue Date to a specified date at their initial fixed interest rate and from that date to their Maturity Date at one or more different fixed interest rates that shall be prescribed as of the Issue Date. A Step Debt Security will have one or more step periods. The applicable Supplemental Agreement shall specify the fixed interest rate per annum payable on Step Debt Securities for each related period from issuance to maturity. Unless otherwise specified in the applicable Supplemental Agreement, interest on a Step Debt Security shall be computed on the basis of a 360-day year consisting of twelve 30-day months.

(i) *Variable Rate Debt Securities*

(A) Variable Rate Debt Securities shall bear interest at a variable rate determined on the basis of a direct or an inverse relationship to one or more specified Indices or otherwise, (x) plus or minus a Spread, if any, or (y) multiplied by one or more Leverage or Deleverage Factors, if any, as specified in the applicable Supplemental Agreement. Variable Rate Debt Securities also may bear interest in any other manner described in the applicable Supplemental Agreement.

(B) Variable Rate Debt Securities may have a Cap and/or a Floor.

(C) The applicable Supplemental Agreement shall specify the accrual method (i.e., the day count convention) for calculating interest or any relevant accrual factor on the related Variable Rate Debt Securities. The accrual method may incorporate one or more of the following defined terms:

“**Actual/360**” shall mean that interest or any other relevant accrual factor shall be calculated on the basis of the actual number of days elapsed in a year of 360 days.

“**Actual/365 (fixed)**” shall mean that interest or any other relevant accrual factor shall be calculated on the basis of the actual number of days elapsed in a year of 365 days, regardless of whether accrual or payment occurs during a calendar leap year.

“**Actual/Actual**” shall mean, unless otherwise indicated in the applicable Supplemental Agreement, that interest or any other relevant accrual factor shall be calculated on the basis of

(x) the actual number of days elapsed in the Interest Payment Period divided by 365, or (y) if any portion of the Interest Payment Period falls in a calendar leap year, (A) the actual number of days in that portion divided by 366 plus (B) the actual number of days in the remaining portion divided by 365. If so indicated in the applicable Supplemental Agreement, “Actual/Actual” shall mean interest or any other relevant accrual factor shall be calculated in accordance with the definition of “Actual/Actual” adopted by the International Securities Market Association (“**Actual/Actual (ISMA)**”), which means a calculation on the basis of the following:

(1) where the number of days in the relevant Interest Payment Period is equal to or shorter than the Determination Period during which such Interest Payment Period ends, the number of days in such Interest Payment Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Interest Payment Dates that would occur in one calendar year; or

(2) where the Interest Payment Period is longer than the Determination Period during which the Interest Payment Period ends, the sum of (A) the number of days in such Interest Payment Period falling in the Determination Period in which the Interest Payment Period begins divided by the product of (X) the number of days in such Determination Period and (Y) the number of Interest Payment Dates that would occur in one calendar year; and (B) the number of days in such Interest Payment Period falling in the next Determination Period divided by the product of (X) the number of days in such Determination Period and (Y) the number of Interest Payment Dates that would occur in one calendar year.

(D) The applicable Supplemental Agreement shall specify the frequency with which the rate of interest on the related Variable Rate Debt Securities shall reset. The applicable Supplemental Agreement also shall specify the Reset Date. If the interest rate will reset within an Interest Payment Period, then the interest rate in effect on the sixth Business Day preceding an Interest Payment Date will be the interest rate for the remainder of that Interest Payment Period and the first day of each Interest Payment Period also will be a Reset Date. Variable Rate Debt Securities may bear interest prior to the initial Reset Date at an initial interest rate, if any, specified in the applicable Supplemental Agreement. If so, then the first day of the first Interest Payment Period will not be a Reset Date. The rate of interest applicable to each Interest Reset Period shall be determined as provided below or in the applicable Supplemental Agreement.

Except for a Variable Rate Debt Security as to which the rate of interest thereon is determined by reference to SOFR, Prime Rate, Treasury Rate, CMT Rate, or Federal Funds Rate (Daily) or as otherwise set forth in the applicable Supplemental Agreement, the Determination Date for a Variable Rate Debt Security means the second Business Day preceding the Reset Date applicable to an Interest Reset Period.

(E) If the rate of interest on a Variable Rate Debt Security is subject to adjustment within an Interest Payment Period, accrued interest shall be calculated by multiplying the principal amount of such Variable Rate Debt Security by an accrued interest factor. Unless otherwise specified in the applicable Supplemental Agreement, this accrued interest factor shall be computed by adding the interest factor calculated for each Interest Reset Period in such Interest Payment Period and rounding the sum to nine decimal places. The interest factor for each such Interest Reset Period shall be computed by (1) multiplying the number of days in the Interest Reset Period by the interest rate (expressed as a decimal) applicable to such Interest Reset Period; and (2) dividing the

product by the number of days in the year referred to in the accrual method specified in the applicable Supplemental Agreement.

(F) For each issue of Variable Rate Debt Securities, the Calculation Agent shall also cause the interest rate for the applicable Interest Reset Period and the amount of interest accrued on the minimum denomination specified for such issue to be made available to Holders as soon as practicable after its determination but in no event later than two Business Days thereafter. Such interest amounts so made available may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Reset Period.

(G) If the applicable Supplemental Agreement specifies SOFR as the applicable Index for determining the rate of interest for the related Variable Rate Debt Security, the following provisions shall apply (unless otherwise specified in the applicable Supplemental Agreement):

“**SOFR**” means the Secured Overnight Financing Rate published by the FRBNY on the FRBNY’s Website. With respect to any U.S. Government Securities Business Day:

(1) the Secured Overnight Financing Rate published for such U.S. Government Securities Business Day as such rate appears on the FRBNY’s Website at 3:00 p.m. (New York time) on the immediately following U.S. Government Securities Business Day (the “SOFR Determination Time”);

(2) if the rate specified in (1) above does not so appear, the Secured Overnight Financing Rate as published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the FRBNY’s Website;

“**Compounded SOFR**” means the rate of return of a daily compound interest investment computed in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SOFR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where, for purposes of applying the above formula:

“**d₀**,” for any Observation Period, is the number of U.S. Government Securities Business Days in the relevant Observation Period;

“**i**” is a series of whole numbers from one to d₀, each representing the relevant U.S. Government Securities Business Day in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant Observation Period;

“**SOFR_i**,” for any U.S. Government Securities Business Day “i” in the relevant Observation Period, is equal to SOFR in respect of that day “i”;

“**n_i**” for any U.S. Government Securities Business Day “**i**” in the relevant Observation Period, is the number of calendar days from, and including, such U.S. Government Securities Business Day “**i**” to, but excluding, the following U.S. Government Securities Business Day (“**i+1**”); and

“**d**” is the number of calendar days in the relevant Observation Period.

The following definitions solely apply to the preceding description of SOFR and Compounded SOFR:

“**FRBNY’s Website**” means the website of the FRBNY, currently at <http://www.newyorkfed.org>, or any successor source.

“**Observation Period**” means, in respect of each Interest Period, the period from, and including, the date two U.S. Government Securities Business Days preceding the first date in such Interest Period to, but excluding, the date two U.S. Government Securities Business Days preceding the Interest Payment Date for such Interest Period.

“**U.S. Government Securities Business Day**” means any day except for a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

Effect of Benchmark Transition Event — SOFR

Benchmark Replacement. Notwithstanding the foregoing, if Freddie Mac determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the notes in respect of all determinations on such date and for all determinations on all subsequent dates.

Benchmark Replacement Conforming Changes. In connection with the implementation of a Benchmark Replacement, Freddie Mac will have the right to make Benchmark Replacement Conforming Changes from time to time.

Decisions and Determinations. Any determination, decision or election that may be made by Freddie Mac pursuant to this Section titled “Effect of Benchmark Transition Event — SOFR,” including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error, may be made in Freddie Mac’s sole discretion, and, notwithstanding anything to the contrary in the documentation relating to the Debt Securities, shall become effective without consent from any other party.

Certain Defined Terms. As used in this Section titled “Effect of Benchmark Transition Event — SOFR,” and solely for purposes of this section:

“**Benchmark**” means, initially, SOFR, as such term is defined in Section titled “SOFR”; provided that if Freddie Mac determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or the then-current Benchmark, then “**Benchmark**” means the applicable Benchmark Replacement.

“Benchmark Replacement” means the first alternative set forth in the order below that can be determined by Freddie Mac as of the Benchmark Replacement Date.

(1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;

(2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
or

(3) the sum of: (a) the alternate rate of interest that has been selected by Freddie Mac as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by Freddie Mac as of the Benchmark Replacement Date:

(1) the spread adjustment (which may be a positive or negative value or zero), or method for calculating or determining such spread adjustment, that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

(2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or

(3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by Freddie Mac giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that Freddie Mac decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if Freddie Mac decides that adoption of any portion of such market practice is not administratively feasible or if Freddie Mac determines that no market practice for use of the Benchmark Replacement exists, in such other manner as Freddie Mac determines is reasonably necessary).

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

(1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or

(2) in the case of clause (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

(1) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

(2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

(3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

“ISDA Definitions” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark.

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

“Reference Time” with respect to any determination of the Benchmark means (1) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (2) if the Benchmark is not Compounded SOFR, the time determined by Freddie Mac after giving effect to the Benchmark Replacement Conforming Changes.

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

(H) If the applicable Supplemental Agreement specifies the Prime Rate as the applicable Index for determining the rate of interest for the related Variable Rate Debt Securities, the following provisions shall apply:

The **“Prime Rate”** means, with respect to any Reset Date (in the following order of priority):

(1) the rate for the Prime Rate Determination Date, as published in H.15 or other recognized electronic source used for the purpose of displaying that rate opposite the caption “Bank prime loan”;

(2) if the rate is not published in H.15 by 5:00 p.m., New York City time, on the Reset Date, then the Prime Rate will be the arithmetic mean, determined by the Calculation Agent, of the rates (after eliminating certain rates, as described below in this clause (2)) that appear, at 11:00 a.m., New York City time, on the Prime Rate Determination Date, on Reuters USPRIME1 Page as the U.S. dollar prime rate or base lending rate of each bank appearing on that page; provided, that at least three rates appear. In determining the arithmetic mean:

(i) if 20 or more rates appear, the highest five rates (or in the event of equality, five of the highest) and the lowest five rates (or in the event of equality, five of the lowest) will be eliminated,

(ii) if fewer than 20 but 10 or more rates appear, the highest two rates (or in the event of equality, two of the highest) and the lowest two rates (or in the event of equality, two of the lowest) will be eliminated, or

(iii) if fewer than 10 but five or more rates appear, the highest rate (or in the event of equality, one of the highest) and the lowest rate (or in the event of equality, one of the lowest) will be eliminated;

(3) if fewer than three rates so appear on Reuters USPRIME1 Page pursuant to clause (2) above, then the Calculation Agent will request five major banks in the City of New York selected by the Calculation Agent (after consultation with Freddie Mac, if Freddie Mac is not then acting as Calculation Agent) to provide a quotation of such banks’ U.S. dollar prime rates or base lending rates on the basis of the actual number of days in the year divided by 360 as of the close of business on the Prime Rate Determination Date. If at least three quotations are provided, then the Prime Rate will be the arithmetic mean determined by the Calculation Agent of the quotations obtained (and, if five quotations are provided, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or in the event of equality, one of the lowest));

(4) if fewer than three quotations are so provided pursuant to clause (3) above, the Calculation Agent will request five banks or trust companies organized and doing business under the laws of the United States or any state, each having total equity capital of at least U.S. \$500,000,000 and being subject to supervision or examination by federal or state authority, selected by the Calculation Agent (after consultation with Freddie Mac, if Freddie Mac is not then acting as Calculation Agent), to provide a quotation of such banks’ or trust companies’ U.S. dollar prime rates or base lending rates on the basis of the actual number of days in the year divided by 360 as of the close of business on the Prime Rate Determination

Date. In making such selection of five banks or trust companies, the Calculation Agent will include each bank, if any, that provided a quotation as requested in clause (3) above and exclude each bank that failed to provide a quotation as requested in clause (3). If at least three quotations are provided, then the Prime Rate will be the arithmetic mean determined by the Calculation Agent of the quotations obtained; and

(5) if fewer than three quotations are so provided pursuant to clause (4) above, then the Prime Rate will be the Prime Rate determined for the immediately preceding Reset Date. If the applicable Reset Date is the first Reset Date, then the Prime Rate will be the rate calculated pursuant to clause (1) for the most recent New York Banking Day preceding the Reset Date for which such rate was published in H.15.

(I) If the applicable Supplemental Agreement specifies the Treasury Rate as the applicable Index for determining the rate of interest for the related Variable Rate, the following provisions shall apply:

The **“Treasury Rate”** means, with respect to any Reset Date (in the following order of priority):

(1) the rate for the Treasury Rate Determination Date of Treasury Bills having the Index Maturity, as published in H.15, or other recognized electronic source used for the purpose of displaying that rate under the caption “U.S. government securities/Treasury bills (secondary market)”;

(2) if the rate described in clause (1) above is not so published by 3:00 p.m., New York City time, on the Reset Date, then the rate from Treasury Auction of Treasury Bills having the Index Maturity, as that rate appears under the caption “INVEST RATE” on the display on Reuters USAUCTION10 Page or Reuters USAUCTION11 Page;

(3) if the rate described in clause (2) above is not published by 5:00 p.m., New York City time, on the Reset Date, then the auction average rate for Treasury Bills having the Index Maturity obtained from the applicable Treasury Auction as announced by the Treasury Department in the form of a press release under the heading “Investment Rate” by 5:00 p.m. on such Reset Date;

(4) if the rate described in clause (3) above is not so announced by the Treasury Department by 5:00 p.m., New York City time, on the Reset Date, then auction average rate obtained from the Treasury Auction of the applicable Treasury Bills, as otherwise announced by the Treasury Department by 5:00 p.m., New York City time, on the Reset Date as determined by the Calculation Agent;

(5) if such rate described in clause (4) is not so announced by the Treasury Department by 5:00 p.m., New York City time, on the Reset Date, the Calculation Agent will request five leading primary United States government securities dealers in the City of New York selected by the Calculation Agent (after consultation with Freddie Mac, if Freddie Mac is not then acting as Calculation Agent) to provide a quotation of such dealers’ secondary market bid yields, as of 3:00 p.m. on the Reset Date, for Treasury Bills with a remaining maturity closest to the Index Maturity (or, in the event that the remaining maturities are equally close, the longer remaining maturity). If at least three quotations are provided, then the Treasury Rate will be the arithmetic mean determined by the Calculation Agent of the quotations obtained; and

(6) if fewer than three quotations are so provided pursuant to clause (5) above, then the Treasury Rate for the immediately preceding Reset Date. If the applicable Reset Date is the first Reset Date, then the Treasury Rate will be the auction average rate for Treasury Bills having the Index Maturity from the most recent auction of Treasury Bills prior to the Reset Date for which such rate was announced by the Treasury Department in the form of a press release under the heading “Investment Rate.”

The rate (including the auction average rate) for Treasury Bills and the secondary market bid yield for Treasury Bills will be obtained and expressed as a bond equivalent on the basis of a year of 365 or 366 days, as applicable (or, if not so expressed, will be converted by the Calculation Agent to such a bond equivalent yield).

(J) If the applicable Supplemental Agreement specifies the CMT Rate as the applicable Index for determining the rate of interest for the related Variable Rate, the following provisions shall apply:

The “**CMT Rate**” means, with respect to any Reset Date (in the following order of priority):

(1) for any CMT Determination Date, the daily rate for the Index Maturity that appears on page “FRBCMT” on Reuters (or any other page that replaces the FRBCMT page on that service or any successor service) under the heading “...Treasury Constant Maturities. Federal Reserve Board Release H.15...Mondays Approximately 3:45 p.m.”;

(2) if the applicable rate described in clause (1) is not displayed on Reuters page FRBCMT at 3:45 p.m., New York City time, on the CMT Determination Date, then the CMT Rate will be the Treasury constant maturity rate for the Index Maturity applicable for the CMT Determination Date as published in H.15;

(3) if the CMT Rate is not determined pursuant to clause (1) and the applicable rate described in clause (2) does not appear in H.15 at 3:45 p.m., New York City time, on the CMT Determination Date, then the CMT Rate will be the Treasury constant maturity rate, or other U.S. Treasury rate, applicable to an Index Maturity with reference to the CMT Determination Date, that:

(i) is published by the Federal Reserve or the Treasury Department; and

(ii) Freddie Mac has determined to be comparable to the applicable rate formerly displayed on the FRBCMT page on Reuters and published in H.15;

(4) if the CMT Rate is not determined pursuant to clause (1) or (2) and the rate described in clause (3) above does not appear at 3:45 p.m., New York City time, on the CMT Determination Date, then the CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for U.S. Treasury securities with an original maturity of approximately the Index Maturity and a remaining term to maturity of no more than one year shorter than the Index Maturity, and in a Representative Amount, as of approximately 3:45 p.m., New York City time, on the CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City that Freddie Mac selects. In selecting these offered rates, Freddie Mac will request quotations from five primary dealers and will disregard the highest quotation or, if there is equality, one of the highest and the lowest quotation or, if there is equality, one of the lowest. If two U.S. Treasury securities with an original maturity longer than the Index Maturity have remaining terms to maturity that are equally close to the Index Maturity, Freddie Mac will obtain quotations for the U.S. Treasury security with the shorter remaining term to maturity;

(5) if the CMT Rate is not determined pursuant to clause (1), (2) or (3) and fewer than five but more than two primary dealers are quoting offered rates as described in clause (4), then the CMT Rate for the CMT Determination Date will be based on the arithmetic mean of the offered rates so obtained, and neither the highest nor the lowest of those quotations will be disregarded;

(6) if the CMT Rate is not determined pursuant to clause (1), (2), (3) or (4) and two or fewer primary dealers are quoting offered rates as described in clause (5), then the CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for U.S. Treasury securities having an original maturity longer than the Index Maturity and a remaining term to maturity closest to the Index Maturity, and in a Representative Amount, as of approximately 3:45 p.m., New York City time, on the CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City that Freddie Mac selects. In selecting these offered rates, Freddie Mac will request quotations from five primary dealers and will disregard the highest quotation, or, if there is equality, one of the highest and the lowest quotation or, if there is equality, one of the lowest;

(7) if the CMT Rate is not determined pursuant to clauses (1) through (6) above and fewer than five but more than two primary dealers are quoting offered rates as described in clause (6), then the CMT Rate for the CMT Determination date will be based on the arithmetic mean of the offered rates so obtained, and neither the highest nor the lowest of those quotations will be disregarded;

(8) if the Calculation Agent obtains fewer than three quotations of the kind described in clause (6), the CMT Rate in effect for the new Interest Reset Period will be the CMT Rate in effect for the prior Interest Reset Period, or if the applicable Reset Date is the first Reset Date, the rate of interest payable for the new Interest Reset Period will be the initial interest rate; and

(9) if the CMT Rate in its present form ceases to exist and the provisions described in this Agreement for determining a fallback rate are found to be unreliable or result in a fallback rate that is not comparable to the CMT Rate, Freddie Mac, as the Calculation Agent, is authorized to designate an alternative determination method or index to the CMT Rate. If, prior to the time the CMT Rate may cease to exist, a new industry standard index is adopted, the Calculation Agent may elect, in its sole discretion, to use such standard index in lieu of the CMT Rate. If the Calculation Agent has designated an alternative determination method or index to the CMT Rate in accordance with the foregoing, the Calculation Agent in its sole discretion may determine the business day convention, the definition of business day and the interest determination date to be used and any other relevant methodology, including any adjustment factor needed to make such alternative determination method or index comparable to the CMT Rate base rate, in a manner that is consistent with industry-accepted practices. The Calculation Agent's designation of an alternative determination method or index as described herein will be final and binding on all parties.

(K) If the applicable Supplemental Agreement specifies the Federal Funds Rate (Daily) as the applicable Index for determining the rate of interest for the related Variable Rate, the following provisions shall apply:

The “**Federal Funds Rate (Daily)**” means, with respect to any Reset Date:

(1) the rate for the Business Day preceding the Federal Funds Rate (Daily) Determination Date for U.S. dollar federal funds, as published in the latest H.15 or other recognized electronic source used for the purpose of displaying that rate opposite the caption “Federal funds (effective)”;

(2) if the rate specified in clause (1) is not published by 5:00 p.m., New York City time, on the Federal Funds Rate Determination Date, then the Calculation Agent will request five leading brokers (which may include the related Dealers or their affiliates) of federal funds transactions in the City of New York selected by the Calculation Agent (after consultation with Freddie Mac, if Freddie Mac is not then acting as Calculation Agent) each to provide a quotation of the broker’s effective rate for transactions in overnight federal funds arranged by the broker settling on the Business Day preceding the Federal Funds Rate (Daily) Determination Date. If at least two quotations are provided, then the Federal Funds Rate (Daily) will be the arithmetic mean determined by the Calculation Agent of the quotations obtained (and, if five quotations are provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest));

(3) if fewer than two quotations are so provided pursuant to clause (2) above, then the Calculation Agent will request five leading brokers (which may include the related Dealers or their affiliates) of federal funds transactions in the City of New York selected by the Calculation Agent (after consultation with Freddie Mac, if Freddie Mac is not then acting as Calculation Agent) each to provide a quotation of the broker’s rates for the last transaction in overnight federal funds arranged by the broker as of 11:00 a.m., New York City time, on the Business Day preceding the Federal Funds Rate (Daily) Determination Date. If at least two quotations are provided, then the Federal Funds Rate (Daily) will be the arithmetic mean determined by the Calculation Agent of the quotations obtained (and, if five quotations are provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)); and

(4) if fewer than two quotations are so provided pursuant to clause (3) above, then the Federal Funds Rate (Daily) as of such Federal Funds Rate (Daily) Determination Date will be the Federal Funds Rate (Daily) determined for the immediately preceding Reset Date. If the applicable Reset Date is the first Reset Date, then the rate of interest payable for the new Interest Rate Period will be the initial interest rate.

(j) *Fixed/Variable Rate Debt Securities*

Fixed/Variable Rate Debt Securities shall bear interest at a single fixed rate for one or more specified periods and at a rate determined by reference to one or more Indices, or otherwise, for one or more other specified periods. Fixed/Variable Rate Debt Securities also may bear interest at a rate that Freddie Mac may elect to convert from a fixed rate to a variable rate or from a variable rate to a fixed rate, if so provided in the applicable Supplemental Agreement.

If Freddie Mac may convert the interest rate on a Fixed/Variable Rate Debt Security from a fixed rate to a variable rate, or from a variable rate to a fixed rate, accrued interest for each Interest Payment Period may be calculated using an accrued interest factor in the manner described in Section 2.07(i)(E).

(k) *Zero Coupon Debt Securities*

Zero Coupon Debt Securities shall not bear interest.

(l) *Amortizing Debt Securities*

Amortizing Debt Securities are those on which Freddie Mac makes periodic payments of principal during the terms of such Debt Securities as described in the related Supplemental Agreement. Amortizing Debt Securities may bear interest at fixed or variable rates.

Section 2.08. Business Day Convention.

Unless otherwise specified in the applicable Supplemental Agreement, in any case in which an Interest Payment Date or Principal Payment Date is not a Business Day, payment of any interest on or the principal of the Debt Securities shall not be made on such date but shall be made on the next Business Day with the same force and effect as if made on such Interest Payment Date or Principal Payment Date, as the case may be. Unless otherwise provided in the applicable Supplemental Agreement, no interest on such payment shall accrue for the period from and after such Interest Payment Date or Principal Payment Date, as the case may be, to the actual date of such payment.

Section 2.09. Reopened Issues and Repurchases.

Freddie Mac reserves the right, in its discretion and at any time, to offer additional Debt Securities which have the same terms (other than Issue Date, interest commencement date and issue price) and conditions as Debt Securities for which settlement has previously occurred or been scheduled so as to form a single series of Debt Securities as specified in the applicable Supplemental Agreement.

Payments on Fed Book-Entry Debt Securities shall be made by credit of the payment amount to the Holders' accounts at the relevant Federal Reserve Bank. (b) *Payments on Registered Debt Securities*

(i) Payments in respect of Registered Debt Securities shall be made in immediately available funds to DTC, Euroclear, Clearstream, Luxembourg or any other applicable clearing system, or their respective nominees, as the case may be, as the Holders thereof. Except as provided in Article VII hereof, such payments shall be made in the Specified Payment Currency. Ownership positions within each system shall be determined in accordance with the normal conventions observed by such system. Record Date. The principal of each Registered Debt Security, together with accrued and unpaid interest thereon, shall be paid to the Holder thereof against presentation and surrender of such Registered Debt Security.

(iii) All payments on Registered Debt Securities are subject to any applicable law or regulation. If a payment outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions, payments in respect of the related Registered Debt Securities shall be made at the office of any paying agent in the United States.

Section 4.02. Exchange for Definitive Debt Securities.

In the event that Freddie Mac issues definitive Debt Securities in exchange for Registered Debt Securities issued in global form, such definitive Debt Securities shall have terms identical to the Registered Debt Securities for which they were exchanged except as described below.

(a) Issuance of Definitive Debt Securities

Unless otherwise provided in the applicable Supplemental Agreement, beneficial interests in Registered Debt Securities issued in global form shall be subject to exchange for definitive Debt Securities only if such exchange is permitted by applicable law and (i) in the case of a DTC Registered Debt Security, DTC notifies Freddie Mac that it is no longer willing or able to discharge properly its responsibilities as depository with respect to such DTC Registered Debt Security, or ceases to be a “clearing agency” registered under the Securities Exchange Act of 1934 (if so required), or is at any time no longer eligible to act as such, and in each case Freddie Mac is unable to locate a successor within 90 calendar days of receiving notice of such ineligibility on the part of DTC; or (ii) in the case of any Other Registered Debt Security, if all of the systems through which it is cleared or settled are closed for business for a continuous period of 14 calendar days (other than by reason of holidays, statutory or otherwise) or are permanently closed for business or have announced an intention permanently to cease business and in any such situations Freddie Mac is unable to locate a single successor within 90 calendar days of such closure. In such circumstances, Freddie Mac shall cause sufficient definitive Debt Securities to be executed and delivered as soon as practicable (and in any event within 45 calendar days of Freddie Mac’s receiving notice of the occurrence of such circumstances) to the Global Agent or its agent for completion, authentication and delivery to the relevant registered holders of such definitive Debt Securities. A person having an interest in a DTC Registered Debt Security or Other Registered Debt Security issued in global form shall provide Freddie Mac or the Global Agent with a written order containing instructions and such other information as Freddie Mac or the Global Agent may require to complete, execute and deliver such definitive Debt Securities in authorized denominations.

(b) Title

The person in whose name a definitive Debt Security is registered in the Register shall be the “**Holder**” of such definitive Debt Security. Freddie Mac, the Global Agent and the Registrar may treat the Holders as the absolute owners of definitive Debt Securities for the purpose of making payments and for all other purposes, whether or not such definitive Debt Securities shall be overdue and notwithstanding any notice to the contrary.

(c) Payments

Interest on a definitive Debt Security shall be paid on the applicable Interest Payment Date. Such interest payments shall be made by check mailed to the Holder thereof at the close of business on the

Record Date preceding such Interest Payment Date at such Holder's address appearing in the Register. The principal of each definitive Debt Security, together with accrued and unpaid interest thereon, shall be due on the Principal Payment Date (subject to the right of the Holder thereof on the related Record Date to receive interest due on an Interest Payment Date that is on or prior to such Principal Payment Date) and shall be paid against presentation and surrender of such definitive Debt Security at the offices of the Global Agent or other paying agent. Payments on the Principal Payment Date shall be made by check provided at the appropriate office of the Global Agent or other paying agent or mailed by the Global Agent to the Holder of such definitive Debt Security. U.S. dollar checks shall be drawn on a bank in the United States. Checks in a Specified Payment Currency other than U.S. dollars shall be drawn on a bank office located outside the United States.

Notwithstanding the provisions described in the preceding paragraph relating to payments by check, the Holder of an aggregate principal amount of at least \$10,000,000 of an issue of Debt Securities of which definitive Debt Securities form a part (or, in the case of a definitive Debt Security denominated in a Specified Currency other than U.S. dollars, the Specified Currency equivalent of at least \$10,000,000) may elect to receive payments thereon by wire transfer of immediately available funds in the Specified Payment Currency to an account in such Specified Payment Currency with a bank designated by such Holder that is acceptable to Freddie Mac; provided, that such bank has appropriate facilities therefor and accepts such transfer and such transfer is permitted by any applicable law or regulation and will not subject Freddie Mac to any liability, requirement or unacceptable charge. In order for such Holder to receive such payments, the relevant paying agent (including the Global Agent) must receive at its office from such Holder (i) in the case of payments on an Interest Payment Date, a written request therefor not later than the close of business (a) on the related Record Date in the case of a definitive Debt Security or (b) 15 days prior to such Interest Payment Date in the case of a Registered Debt Security issued in the global form; or (ii) in the case of payments on the Principal Payment Date, a written request therefor not later than the close of business on the date 15 days prior to such Principal Payment Date and the related definitive Debt Security not later than two Business Days prior to such Principal Payment Date. Such written request must be delivered to the relevant paying agent (including the Global Agent) by mail, by hand delivery or by tested or authenticated telex. Any such request shall remain in effect until the relevant paying agent receives written notice to the contrary.

All payments on definitive Debt Securities shall be subject to any applicable law or regulation. If a payment outside the United States is illegal or effectively precluded by exchange controls or similar restrictions, payments in respect of the related definitive Debt Securities may be made at the office of any paying agent in the United States.

(d) *Partial Redemption*

Definitive Debt Securities subject to redemption in part by Freddie Mac shall be selected by the Global Agent by lot or in such other manner as the Global Agent deems fair and appropriate, subject to the requirement that the principal amount of each outstanding definitive Debt Security after such redemption is in an authorized denomination.

(e) *Transfer and Exchange*

Definitive Debt Securities shall be presented for registration of transfer or exchange (with the form of transfer included thereon properly endorsed, or accompanied by a written instrument of transfer, with such evidence of due authorization and guaranty of signature as may be required by the Registrar, duly executed) at the office of the Registrar or any other transfer agent upon payment of any

taxes and other governmental charges and other amounts, but without payment of any service charge to the Registrar or such transfer agent for such transfer or exchange. A transfer or exchange shall not be effective unless, and until, recorded in the Register.

A transfer or exchange of a definitive Debt Security shall be effected upon satisfying the Registrar with regard to the documents and identity of the person making the request and subject to such reasonable regulations as Freddie Mac may from time to time agree with the Registrar. Such documents may include forms prescribed by U.S. tax authorities to establish the applicability of, or the exemption from, withholding or other taxes regarding the transferee Holder. Definitive Debt Securities may be transferred or exchanged in whole or in part only in the authorized denominations of the DTC Registered Debt Securities or Other Registered Debt Securities issued in global form for which they were exchanged. In the case of a transfer of a definitive Debt Security in part, a new definitive Debt Security in respect of the balance not transferred shall be issued to the transferor. In addition, replacement of mutilated, destroyed, stolen or lost definitive Debt Securities also is subject to the conditions discussed above with respect to transfers and exchanges generally. Each new definitive Debt Security to be issued upon transfer of such a definitive Debt Security, as well as the definitive Debt Security issued in respect of the balance not transferred, shall be mailed to such address as may be specified in the form or instrument of transfer at the risk of the Holder entitled thereto in accordance with the customary procedures of the Registrar.

ARTICLE V

If so provided in the applicable Supplemental Agreement, the indebtedness represented by certain Debt Securities shall be secured obligations of Freddie Mac. In such event, the description of the security interest and the terms of the grant of the security interest shall be set forth in the applicable Supplemental Agreement.

Currency Conversions

Section 6.01. Currency Conversions for DTC Registered Debt Securities.

(a) In the case of DTC Registered Debt Securities whose Specified Payment Currency is other than U.S. dollars, the Currency Exchange Bank specified in the applicable Supplemental Agreement, for Holders of such DTC Registered Debt Securities, shall convert any amounts paid by Freddie Mac in such Specified Payment Currency into U.S. dollars, unless such Holders elect to receive payments in such Specified Payment Currency as hereinafter described. Freddie Mac shall have no responsibility

for the conversion of the Specified Payment Currency for such DTC Registered Debt Securities into U.S. dollars.

(b) The U.S. dollar amount to be received by a Holder of a DTC Registered Debt Security in respect of which payments are to be converted from the Specified Payment Currency into U.S. dollars shall be determined by the Currency Exchange Bank in the morning of the day that would be considered the date for “spot” settlement of the Specified Payment Currency on the applicable payment date in accordance with market convention (generally two New York business days prior to such payment date) at the market rate determined by the Currency Exchange Bank to accomplish the conversion on such payment date of the aggregate amount of the Specified Payment Currency payable in respect of DTC Registered Debt Securities scheduled to receive payments converted into U.S. dollars. All currency exchange costs shall be borne by the Holders of such DTC Registered Debt Securities (and, accordingly, by the related Beneficial Owners) by deductions from such payments. In the event all or any portion of a Specified Payment Currency is not convertible into U.S. dollars, Holders of such DTC Registered Debt Securities shall receive payment in the Specified Payment Currency.

(c) A Holder of a DTC Registered Debt Security to be paid in a Specified Payment Currency other than U.S. dollars shall have the option to receive payments of the principal of and any interest on such DTC Registered Debt Security in the Specified Payment Currency by notifying DTC no later than the date 12 days prior to such Principal Payment Date or Interest Payment date, as applicable.

Miscellaneous Provisions

Section 7.01. Limitations on Liability of Freddie Mac and Others.

Neither Freddie Mac nor any of its directors, officers, employees or agents shall be under any liability to the Holders or Beneficial Owners for any action taken, or not taken, by them in good faith under this Agreement or for errors in judgment. This provision will not protect Freddie Mac or any other related person against any liability which would otherwise be imposed by reason of willful misfeasance, bad faith or gross negligence or by reason of reckless disregard of obligations and duties under this Agreement. Freddie Mac and such related persons shall have no liability of whatever nature for special, indirect or consequential damages, lost profits or business, or any other liability or claim (other than for direct damages), even if reasonably foreseeable or Freddie Mac has been advised of the possibility of such loss, damage, liability or claim.

In performing its responsibilities under this Agreement, Freddie Mac may employ agents or independent contractors. Freddie Mac shall not be subject to the control of Holders in any manner in the discharge of its responsibilities pursuant to this Agreement.

Freddie Mac shall not be under any obligation to appear in, prosecute or defend any legal action that is not incidental to its responsibilities under this Agreement and which in its opinion may involve it in any expense or liability. However, Freddie Mac may in its discretion undertake any such legal action which it may deem necessary or desirable in the interests of the Holders. In such event, the legal expenses and costs of such action shall be expenses and costs of Freddie Mac.

Section 7.02. Binding Effect of this Agreement.

(a) By receiving and accepting a Debt Security, each Holder, financial intermediary and Beneficial Owner of such Debt Security unconditionally agrees, without any signature or further manifestation of assent, to be bound by the terms and conditions of this Agreement, as supplemented, modified or amended pursuant to its terms.

Upon the issuance of any substituted Registered Debt Security, Freddie Mac or the Global Agent may require the payment by the Holder of a sum sufficient to cover any taxes and expenses connected therewith.

Section 7.04. Conditions to Payment, Transfer or Exchange.

Freddie Mac, its agent or any other person potentially required to withhold with respect to payments on a Debt Security shall have the right to require a Holder of a Debt Security, as a condition to payment of principal of or interest on such Debt Security, or as a condition to transfer or exchange of such Debt Security, to present at such place as Freddie Mac, its agent or such other person shall designate a certificate in such form as Freddie Mac, its agent or such other person may from time to time prescribe, to enable Freddie Mac, its agent or such other person to determine its duties and liabilities with respect to (i) any taxes, assessments or governmental charges which Freddie Mac, any Federal Reserve Bank, the Global Agent or such other person, as the case may be, may be required to deduct or withhold from payments in respect of such Debt Security under any present or future law of the United States or jurisdiction therein or any regulation or interpretation of any taxing authority thereof; and (ii) any reporting or other requirements under such laws, regulations or interpretations. Freddie Mac, its agent or such other person shall be entitled to determine its duties and liabilities with respect to such deduction, withholding, reporting or other requirements on the basis of information contained in such certificate or, if no certificate shall be presented, on the basis of any presumption created by any such law, regulation or interpretation, and shall be entitled to act in accordance with such determination.

Section 7.05. Amendment.

(a) Freddie Mac may modify, amend or supplement this Agreement and the terms of an issue of Debt Securities, without the consent of the Holders or Beneficial Owners, (i) to cure any ambiguity, or to correct or supplement any defective provision or to make any other provision with respect to matters or questions arising under this Agreement or the terms of any Debt Security that are not inconsistent with any other provision of this Agreement or the Debt Security; (ii) to add to the covenants of Freddie Mac for the benefit of the Holders or surrender any right or power conferred upon Freddie Mac; (iii) to evidence the succession of another entity to Freddie Mac and its assumption of the covenants of Freddie Mac; (iv) to conform the terms of an issue of Debt Securities or cure any ambiguity or discrepancy resulting from any changes in the Book-Entry Rules or any regulation or document that

are applicable to book-entry securities of Freddie Mac; (v) to increase the amount of an issue of Debt Securities as contemplated under Section 2.09; or (vi) in any other manner that Freddie Mac may determine and that will not adversely affect in any material respect the interests of Holders or Beneficial Owners at the time of such modification, amendment or supplement.

(b) In addition, either (i) with the written consent of the Holders of at least 50% of the aggregate then outstanding principal amount or notional principal amount of an issue of Debt Securities affected thereby, excluding any such Debt Securities owned by Freddie Mac; or (ii) by the adoption of a resolution at a meeting of Holders at which a quorum is present, by the Holders of at least 50% of the aggregate then outstanding principal amount or notional principal amount of an issue of Debt Securities represented at such meeting, excluding any such Debt Securities owned by Freddie Mac, Freddie Mac may from time to time and at any time modify, amend or supplement the terms of an issue of Debt Securities for the purpose of adding any provisions to or changing in any manner or eliminating any provisions of such Debt Securities or modifying in any manner the rights of the Holders; provided, however, that no such modification, amendment or supplement may, without the written consent or affirmative vote of each Holder of a Debt Security; (A) change the Maturity Date or any Interest Payment Date of such Debt Security; (B) materially modify the redemption or repayment provisions, if any, relating to the redemption or repayment price of, or any redemption or repayment date or period for, such Debt Security; (C) reduce the principal amount of, delay the principal payment of, or materially modify the rate of interest or the calculation of the rate of interest on, such Debt Security; (D) in the case of Registered Debt Securities only, change the Specified Payment Currency of such Registered Debt Security; or (E) reduce the percentage of Holders whose consent or affirmative vote is necessary to modify, amend or supplement the terms of the relevant issue of Debt Securities. A quorum at any meeting of Holders called to adopt a resolution shall be Holders entitled to vote a majority of the then aggregate outstanding principal amount or notional principal amount of an issue of such Debt Securities called to such meeting and, at any reconvened meeting adjourned for lack of a quorum, 25% of the then aggregate outstanding principal amount or notional principal amount of such issue of Debt Securities, in both cases excluding any such Debt Securities owned by Freddie Mac. It shall not be necessary for the Holders to approve the particular form of any proposed amendment, but it shall be sufficient if such consent or resolution approves the substance of such change. If any modification, amendment or supplement of the terms of an issue of Debt Securities that have been separated into Interest and Principal Components requires the consent of Holders, only the Holders of the Principal Components will be entitled to give or withhold that consent. Holders of Interest Components will have no right to give or withhold such consent.

(c) The “principal amount,” for purposes of the preceding paragraph, for a Debt Security that is a Zero Coupon Debt Security issued at a discount or for a Debt Security issued at an “issue price” of 80% or less of its principal amount will be equal to (i) the issue price of such Debt Security; plus (ii) the original issue discount that has accrued from the Issue Date of such Debt Security to the OID Determination Date; minus (iii) any amount considered as part of the “stated redemption price at maturity” of such Debt Security that has been paid from the Issue Date of such Debt Security to the OID Determination Date.

The “principal amount,” for purposes of the second preceding paragraph, of a Debt Security whose Specified Principal Currency is other than U.S. dollars will be the U.S. dollar equivalent, determined on the Issue Date, of the principal amount (or, in the case of the Debt Securities referred to in the preceding paragraph, the amount determined in accordance with the provisions described in such preceding paragraph) of such Debt Security. The “principal amount” of a Debt Security with principal

determined by reference to an Index will be described in the applicable Supplemental Agreement. The “principal amount” of a Debt Security with principal determined by reference to an Index will be described in the applicable Supplemental Agreement.

(d) Freddie Mac may establish a record date for the determination of Holders entitled to vote at any meeting of Holders of Debt Securities, to grant any consent in respect of Debt Securities and to notice with respect to any such meeting or consent.

(e) Any instrument given by or on behalf of any Holder of a Debt Security in connection with any consent to any such modification, amendment or supplement shall be irrevocable once given and shall be conclusive and binding on all subsequent Holders of such Debt Security or any Debt Security issued, directly or indirectly, in exchange or substitution therefor, irrespective of whether or not notation in regard thereto is made thereon. Any modification, amendment or supplement of this Agreement or of the terms of Debt Securities shall be conclusive and binding on all Holders of Debt Securities affected thereby, whether or not they have given such consent or were present at any meeting (unless by the terms of this Agreement a written consent or an affirmative vote of such Holders is required), and whether or not notation of such modification, amendment or supplement is made upon the Debt Securities.

Section 7.06. Securities Acquired by Freddie Mac.

Freddie Mac may, from time to time, repurchase or otherwise acquire (either for cash or in exchange for newly-issued Debt Securities) all or a portion of any issue of Debt Securities. Any Debt Securities owned by Freddie Mac shall have an equal and proportionate benefit under the provisions of this Agreement, without preference, priority or distinction as among such Debt Securities, except that in determining whether the Holders of the required percentage of the outstanding principal amount (or notional principal amount) of an issue of Debt Securities have given any required demand, authorization, notice, consent or waiver under this Agreement, any Debt Securities owned by Freddie Mac or any person directly or indirectly controlling or controlled by or under direct or indirect common control with Freddie Mac shall be disregarded and deemed not to be outstanding for the purpose of such determination.
