Single-Family MBS Disclosure Enhancement – Mission Index Version

In conjunction with Fannie Mae, Freddie Mac is enhancing its Single-Family mortgage-backed securities (MBS) disclosures to include the **Single-Family Mission Index Version**. This new attribute is defined as the version of the Mission Index™ methodology used to calculate the Mission Criteria Share and the Mission Density Score. This enhancement will be effective on September 23, 2024 and will be disclosed at a pool-level beginning with October 2024 issuances. The new pool-level attribute will also be provided for all outstanding MBS with the publication of the monthly disclosure files in October 2024.

For background, the reformulated Mission Index (V1.1) was implemented on Freddie Mac MBS pools beginning with June 2024 issuances. Mission Index scores for pools issued in January 2010 through May 2024 utilized the V1.0 methodology. Please refer to the [methodology](#) overview for details on the Mission Index.
