## Program Summary

- The $\$ 618 \mathrm{~mm}$ SCRT 2024-1 securitization is our 23rd SCRT securitization and is backed by seasoned, re-performing singlefamily mortgage loans ("RPLs"). Since 2016, we've issued approximately $\$ 31.2 \mathrm{bn}$ of guaranteed and approximately $\$ 3.7$ bn of non-guaranteed SCRT certificates
- The underlying mortgage loans (the "Mortgage Loans") are adjustable-rate, fixed-rate or step-rate, and were either previously securitized in Freddie Mac Participation Certificates ("PCs") or Freddie Mac Uniform Mortgage-Backed Securities ("UMBS") and repurchased from the related PC or UMBS by Freddie Mac, or retained by Freddie Mac in whole loan form since acquisition
- As of the Cut-Off Date:
- Approximately $96.21 \%$ of the Mortgage Loans are current and approximately $3.79 \%$ are 30 days delinquent under the MBA method
- Approximately $0.57 \%$ of the Mortgage Loans are subject to bankruptcy proceedings and are at least 6 months current in their monthly payments
- The Trust will issue:
- Guaranteed Senior Certificates: Freddie Mac will guarantee the payment of principal and the timely payment of interest on the Guaranteed Certificates, including payment in full by the Stated Final Distribution Date
- Non-guaranteed subordinate certificates, including non-guaranteed IO certificates, a mortgage insurance certificate, and non-economic REMIC residual certificates
- Freddie Mac is not required to retain and will not retain credit risk for SCRT pursuant to the Dodd Frank Credit Risk Retention Rule
- Subject to market conditions, Freddie Mac may retain some or all of one or more classes of Guaranteed Certificates

## Collateral Comparison and Structure

## SCRT 2024-1 Overview

- The assets of the Trust are seasoned, re-performing, first lien, adjustable, fixed and step-rate mortgage loans, including both modified and non-modified mortgage loans. The structure consists of three groups of senior certificates, each backed primarily by one of the three loan groups below:

| Group M | Group M55 | Group T |
| :---: | :---: | :---: |
| Modified loans with forborne <br> principal; <br> or Modified loans with no forborne <br> principal and current note rate or <br> final step rate $\leq 5.50 \%$ | Modified loans with no forborne <br> principal <br> and current note rate $>5.50 \%$ | Never modified fixed- and <br> adjustable-rate loans; <br> or loans only subject to a Freddie <br> Mac Payment Deferral Program <br> ("PDP") |

- Approximately $93.17 \%$ of the Mortgage Loans were modified under a Freddie Mac modification program, a Freddie Mac payment deferral program ("PDP"), or a combination of these programs. Approximately $6.83 \%$ of the Mortgage Loans were neither modified nor subject to a PDP
- Specialized Loan Servicing LLC ("SLS") and Select Portfolio Servicing, Inc. ("SPS") are the current servicers and after the Closing Date will service the Mortgage Loans in accordance with the PSA. The Mortgage Loans were transferred to SLS and SPS no later than August 2023

## Servicing, Credit and Program Support

## Post-Securitization Servicing Requirements

## Modification and Loss MItigation

## Eligibility

- Borrower must be 60+ days delinquent or in imminent default as determined by the Servicer

## Limits

- Servicer must evaluate eligible borrower first for a Payment Deferral, and then a Modification, subject to the PSA
- If the sole change to a term of an Eligible Loan is the deferral of delinquent principal and interest amounts (i.e., a Payment Deferral), it is not considered a Modification. For the avoidance of doubt, if there is deferral of principal and interest amounts along with another change or variance, such as a deferral of taxes and insurance or an extension of the term, such change will be considered a Modification
- After the Closing Date, a Payment Deferral for a Mortgage Loan may not defer more than twelve (12) months of delinquent principal and interest payments, cumulatively
- A Modification must meet the following criteria:
- No more than 1 Modification every 12 months, and no more than 2 total Modifications after the Closing Date
- No principal forgiveness for any loan where resulting post-mod MTMLTV (using interest bearing balance) is less than 105\%
- No principal forbearance for any loan where resulting post-mod MTMLTV ${ }^{(1)}$ (using interest bearing balance) is less than $80 \%$
- No short payoffs (including forbearance amounts) unless eligibility criteria above is met and the Servicer determines such action to be in the best interest of certificateholders
- The Servicer may not solicit performing borrowers for loss mitigation

## Post-Securitization Servicing Requirements (continued)

## Third Party Servicer

- The Servicer can't acquire lender placed insurance from any affiliate
- If the Servicer obtains property valuation, preservation, or disposition services from an affiliate, the Servicer may not receive incentive-based compensation, and the costs of services must be reasonable and at market levels

## Cap on Advances

- Any advance amount exceeding a predetermined cap will require advance notice to the Guarantor and the Trustee and non-objection from the Guarantor in order to be reimbursable

## Valuation Requirements

- Each Servicer must comply with the valuation waterfall below when determining the valuation to be used in evaluating for certain loss mitigation alternatives as described in the PSA (e.g. Modification, short sale, short payoff, deed-in-lieu of foreclosure)
- Step 1: Obtain BPO and Home Value Explorer ${ }^{\circledR}$ ("HVE ${ }^{\circledR \text { " }}$ ) valuations
- Step 2: If the BPO value is within +/- $15 \%$ of the $\mathrm{HVE®}$ value, then the Servicer must use the BPO valuation
- Step 3: If an HVE® value is not available or the BPO value is outside $+/-15 \%$ of the $\mathrm{HVE} ®$ value, then the Servicer must obtain a second BPO value from a non-affiliated broker
- Step 4: If the Servicer is required to order a second BPO valuation, the Servicer must use the higher of the two BPO valuations

## SCRT Credit Features

Credit Rating Actions as of January 2024

## As Guarantor we may:

- Oversee and audit the servicing of the Mortgage Loans
- Monitor remittance data and request additional documentation to evaluate servicer compliance, as needed
- Enforce corrective servicing action and servicing remedies

Wilmington Trust, as Trust Agent, will engage an independent reviewer to review and enforce representations and warranties on any Mortgage Loan

- A breach review is generally conducted for Mortgage Loans which have a foreclosure sale, short sale, deed-inlieu of foreclosure, or liquidated with a loss during the warranty period
- The warranty period ends March 13, 2027 ${ }^{(1)}$
